A TIME TO CHILLOUT

The music on this album is created to help you find some quiet and calm, some time to worship, time for prayer and time to chill out after a long day.

Life is an exciting journey, everyday we need to make all kinds of decisions. As Christians we need to hear from God. Listening to Him is sometimes hard, because He doesn't shout. He doesn't thrust Himself upon you. His voice is an unassuming voice, very nearly a whisper, the voice of gentle love.

Every time you make time for God, you clean up a bit of the descending path, you see where you plant your feet on the way of His love

In this quiet time we can truly listen to the voice of God and find true inner peace that can only come from Him. God is just one prayer away from you. Somebody once said: ten minutes each day for God alone can bring about a radical change in your life, this is our hope for you as you listen to Lounge Worship. (including beautiful screensaver)

Lounge Worship 2 combines familiar and unfamiliar songs and presents them in a fresh, soothing lounge-style designed to bring you to a place of worshipful rest, able to hear the Father's voice.
