### Orchestral Hymns

Featuring  
**Don Marsh & his Orchestra**

I had been meeting with Don Marsh at his home and he gave me a couple of CDR's that contained new recordings he had recently completed.

It was about a 25 minute drive home and as I left his home I put the orchestral CD into the car player and turned up the volume.....

The Stradivarius violin started, the sound so rich and full, then others accompanied it and the music soared and I was caught up in the experience. This is not a large orchestra but a small group of gifted players who under Don's direction brings out the exquisite and delicate splendor of these timeless hymns.

Next thing I know I am home – I barely remember the drive, the music was beautiful, sensitive and tranquil.

What a recording, I called Don and advised him that his music was dangerous – especially when driving – it filled the car and enthralled me. This same music I have the privilege of bringing to you. I hope you will enjoy it as much as I am.

May its sweet gentleness wash over you.
